PROFESSIONAL SUMMARY

Junior Developer with hands-on experience building responsive websites and web applications, plus a strong foundation in QA, debugging, and structured problem-solving. Developed 20+ front-end projects and improved user engagement by 15% through design and functionality improvements. Brings prior medical transcription experience with 99% accuracy, confidentiality, documentation, and detail-oriented execution in remote work environments.

PROFESSIONAL EXPERIENCE

Generalist AI Trainer | Outlier | Remote

09/2025 - Present

- Evaluated complex outputs using structured rubrics for accuracy, completeness, logic, safety, and overall quality.
- Identified recurring issues, edge cases, and unclear instructions to support quality improvement and consistency.
- Provided structured feedback that supported process refinement, alignment, and performance improvement.
- Maintained consistent scoring across evolving workflows, ambiguous scenarios, and calibration expectations.

Freelance Web Developer and Consultant | Remote

01/2022 - 01/2025

- Built 20+ responsive websites and web applications, improving user engagement by 15% through stronger design, usability, and front-end functionality.
- Integrated third-party APIs to expand site functionality and increase user interaction by 15%.
- Cut front-end bug resolution time by 20% through structured debugging, console testing, and effective use of Chrome DevTools.
- Performed cross-browser and responsive QA testing to improve usability, accessibility, and interface consistency.
- Translated client requirements into organized, scalable front-end solutions aligned with project goals.

Web Development Intern | CodSoft

02/2025 - 03/2025

- Built 3 responsive web applications during a 30-day internship using HTML, CSS, JavaScript, React, and deployment best practices.
- Applied debugging, testing, and version control practices to improve code quality and project reliability.
- Delivered front-end projects from requirements through deployment, strengthening implementation and problem-solving skills.

Lynne Dalbeck Medical Transcription Service - Medical Transcriptionist

12/2021 - 04/2024

- Processed 10,000 medical documents monthly with 99% transcription accuracy and terminology compliance.
- Protected sensitive documentation by following confidentiality and data-privacy standards.
- Managed 2 high-volume remote workflows with consistent formatting and compliance.

PROJECTS

Dashboard UI | HTML, CSS

GitHub: github.com/SnoopyJacks/dashboard

- Built a responsive four-page admin dashboard with sidebar navigation, KPI cards, SVG/HTML charts, and an activity table.

Aurora SaaS Landing Page | HTML, CSS

GitHub: github.com/SnoopyJacks/SaaS

- Created feature, pricing, and FAQ sections with a mobile navigation menu using semantic HTML and CSS.

EDUCATION

Diploma in Business | Bow Valley College

- Built a foundation in project coordination, professional documentation, stakeholder communication, and organized workflow management.

TECHNICAL SKILLS

Programming: JavaScript, Python

Web Development: HTML, CSS, React, Responsive Web Design, API Integration

Tools: Git, GitHub, VS Code, Chrome DevTools, Netlify

Testing & Debugging: Debugging, Browser DevTools, Cross-Browser Testing, Responsive Testing, QA Testing

Quality Evaluation: Structured Evaluation, Rubric-Based Scoring, Issue Detection, Quality Feedback, Calibration Alignment

Workflow & Communication: Technical Documentation, Requirements Gathering, Written Communication

Medical Transcription: Medical Terminology, Document Formatting, Confidentiality, Data Privacy

CERTIFICATIONS

Web Development Certification | SheCodes
